## Milan Fashion Experience

### Things to do in Milan – The Milan Fashion Experience - the One Day Personal Fashion Styling Course

Summary: Short but complete, this course will allow you to recognize which items and colors best enhance your body and your personality too, making you know the fundamental criteria to be taken into account in order to decide the perfect outfit for every situation.

Milan Fashion Campus is a fashion school born in 2003 from the idea of Angelo Russica, responsible director of the school, located in the centre of Milan.

Initially, MFC offered just online fashion courses, according to an eco-friendly project to preserve the nature; in this case students from all over the world could receive information and material to work. In 2007 Milan Fashion Campus became a reality, offering fashion design and styling courses here in Milan, ready to welcome anyone interested in studying clearly and in detail the Italian style. The school program includes specially short fashion courses – Fashion Design or Fashion Styling – in order to give students tools and knowledge needed to begin a career in fashion.

To suggest a constant update, Milan Fashion Campus offers a new course for fashion lovers and style addicts: Your Style Course for Women and Men.

The first day begins with a brief general introduction about the basics of fashion, then we dedicate ourselves completely to your personal style, identifying your key items, colors that highlight your complexion and accessories that no longer have to miss in your wardrobe. You will be followed by fashion experts who will answer to all of your questions, explaining you some little secrets to customize new trends!

You may decide to add a second day, choosing between the two following options:

- Rely on a Personal Stylist who will guide you in different stores to try a new look, different from the usual, playing with accessories and clothing from a wide variety of styles.
- Discover Milan with a guide, admiring the most fashionable shops, famous monuments and best places visited by fashionistas.

We want to provide a unique package, combining the timing of a trip to Milan with the opportunity for a private fashion lesson.

Don't miss this unique occasion to get in touch with professionals to study, discuss and renew your look!
